JULY 2023 - CHURCH NEWSLETTER

FATHERS DAY

Fathers Day is the holiday with the single lowest average church attendance of any is interesting - especially that Mothers Day tends to third highest church [after Easter Mothers Day the most

major holiday. This when you consider be the day with the service attendance and Christmas]. So is one of highly attended Sundays of the year - and Fathers Day is one of

the lowest. What does this tell us?

It appears as though the church has forgotten how important Fathers are in church. Statistically they have the single greatest impact on the faith of their children. It has been shown that if both Father and mother come to church - on average - 75% of the time their children will grow up to be faithful in coming to church. In comparison if just the mom goes to church the number drops to 15%!

Dads are so important in the lives of their kids - especially as it pertains to their faith. It is the Father that become the model and representation on earth to a child of what their Heavenly Father is like.

Given the choice Fathers might think their time is better spent earning money for their family - but the truth is there is no greater gift that they can give them than to lead them in worshipping Jesus!

TRAIN UP IN THE LORD

"Fathers... bring [your children] up in the training and admonition of the Lord." - **Ephesians 6:4**

We need to be wise with our time in life. How do we fill up our day and what do we make a priority? If we spend our whole day working - we sacrifice time with family. If we spend our day being entertained - we sacrifice time with the Lord. Balance comes when we put Jesus first - family second - then everything else last. Our kids are all we can take with us to heaven - they are our greatest gift!
